## SHIFT-HUB Focus Group

Future-proof health systems: the role of SMEs' digital solutions

SHIFT-HUB invites you to join the new **Focus Group on e-Health**, where interested stakeholders will join a community of SMEs, healthcare providers, research institutions and experts, to **develop digital solutions** addressing the challenges in the healthcare system and benefit from a **full range of services**: information on **funding opportunities**, discussions on **technology-specific topics**, **networking**, and **matchmaking**.

The first **Focus Group** event, "*Future-proof health systems: the role of SMEs' digital solutions*" will take place online on **14 March 2024, from 14:00 to 15:45**. It will be the occasion to discuss the key policies and actions for steering the **digital transformation of the healthcare sector**. Specifically, it will host two panel discussions, around:

1. **Data-driven digital technologies** revolutionize healthcare services - exploring the policy framework, opportunities, and challenges for SMEs.

2. **European SMEs** that are developing **patient-centric solutions** for improving the well-being of citizens and patients, showcasing European excellencies.

The banner features a green background with abstract circular shapes in red, orange, and yellow. In the top left, there is a white rounded rectangle containing the logos for the European Digital SME Alliance and SHIFT-HUB. The main title 'Focus Group e-Health Launch Event' is in large white font, followed by the subtitle 'Future-proof health systems: The role of SMEs' digital solutions'. Below this, a white text box describes the event's focus: 'Information on funding opportunities, discussions on technology-specific topics, networking, and matchmaking'. A yellow rounded rectangle on the left specifies the date and time: '14 March 2024' and '14:00 - 15:45'. On the right, another white rounded rectangle contains the 'DIGITAL SME FG e-H' logo, with 'Focus Group e-Health' and 'An initiative with SHIFT-HUB' written below it.

## SHIFT-HUB DemoDay

SHIFT-HUB **1st online DemoDay** - to be held on **19 March 2024** from **10:00 to 12:00 CET** - offers the opportunity for a deepdive into **3 cases of technologies** we present and share with you!

About the Demonstrations:

- [PADME](#) is a **Platform for Analytics and Distributed Machine learning** for Enterprises, that has been successfully deployed and validated in several research data infrastructures. It offers a **secure platform** to transfer algorithms and analytics tasks, an isolated environment to run tasks with data, and tools to prevent data leakage.
- [PURAITE](#) is a young start-up and its core technology is a **AI-powered search engine** geared towards medical researchers. They aim to revolutionize the way academia conducts research by minimizing time-to-Insight, providing access for all and employing cutting edge AI technology.
- [SRDC](#) is a high-performance SME that will present the **OnFhir.io service ecosystem** that constitutes the backbone of a **Chronic Disease Management Platform** and **KronIQ**, which is an Integrated Care Platform supporting

intelligent decision support services for diagnosis, monitoring, and management of chronic diseases.

Don't miss this chance to know more about the innovators in Digital Health, check the Agenda and Register now!

## Special Research Topic with Frontiers in Medicine

SHIFT-HUB Partners **UPORTO**, **AUTH** and **UKOLN** prepare for a **special Research Topic** to appear at the end of summer 2024 with **Frontiers in Medicine**. The subject is on ' **Ecosystems-Centered Health and Care Innovation**' aiming to present recent developments and scientific breakthroughs in the field of health ecosystems. These developments notably include organizational frameworks, methodologies, tools, resources, and, crucially, real-world use cases of innovation within the health and care sectors.

**Deadlines** for provision of title and abstract are at the end of March 2024 (optional) and papers should be submitted by the **end of July 2024**.
