Focus Group e-Health

The launch event of the new **SHIFT-HUB Focus Group** on **e-Health** "*Future-proof health systems: The role of SMEs' digital solutions*" held on **March 14th** focused on how **digitalisation** improve the **resilience** of EU healthcare system and **empower** patients?

It was an opportunity to discuss how **data technologies** and **health data governance policies** can support the sturdiness of healthcare.

Distinguished speakers also addressed the challenges and opportunities of the digitalisation process, along with showcasing concrete use cases and **patient-centric solutions**.
